

Privacy Policy (Ultra-Pro)

1. Data Collection

We collect limited personal and technical data necessary to operate the Platform.

2. Use of Data

Data is used for operations, compliance, fraud prevention, and service improvements.

3. Blockchain Transparency

Blockchain transactions are public, immutable, and outside our control.

4. Legal Disclosure

We may disclose data to authorities if required by law or regulatory obligation.

5. Security Disclaimer

Despite safeguards, no system is fully secure. Users accept inherent risks.

6. User Rights

Users may request access or deletion of data where legally applicable.
